

# The Collection of Apollo 15 CMP AI Worden *Letter of Provenance*

## AI Worden's (74) Apollo Stickers

**Description:** Collection of 74 original Apollo-era decals from the collection of Apollo 15 CMP AI Worden, including one "Apollo VIP" decal featuring Snoopy as an astronaut; the remainder are identical 3.75" decals featuring the Apollo 15 emblem, featuring three stylized birds in red, white, and blue soaring over the Hadley-Apennine region of the lunar surface, encircled by the name of the mission, "Apollo 15," and the astronauts' surnames, "Scott, Worden, Irwin." In fine condition.

I hereby certify that this item originated from my father's personal collection.

Alison (Worden) Penczak

After purchase, a holographic serial number was applied to the reverse of each sticker in order to identify it as originating from this lot. I, Kevin P. Groark, PhD, Proprietor of OrbitalArtifacts.com, certify that the decal bearing the serial number listed below comes directly from the collection of AI Worden, and was purchased by myself from RR Auction in October 2022 (Catalog 646, Item 7476, Inventory #3464083). **Serial Number: 1251747**
