This photograph is a government publication-- not subject to copy-right.

It may not be used to state or imply the endorsement by NASA or by any NASA employee of a commercial product, process or service, or used in any other manner that might mislead. Accordingly, it is requested that if this photograph is used in advertising, posters, books, etc., layout and copy be submitted to NASA prior to release.

MANNED SPACECRAFT CENTER, HOUSTON, TEXAS

APOLLO 16 VIEW OF MOON -- An oblique view of the Border Sea area on the lunar nearside, as photographed from the Apollo 16 spacecraft in lunar orbit. Mare Marginus is at the left edge of the picture. This view is looking generally west-northwest. Goddard Crater is located at lower left. A portion of the crater Ibn Yunus can be seen in the lower left corner adjoining the southeastern edge of Goddard. The crater Al-Biruni is at lower right edge. The crater Hubble is at right center edge.
